

Liberator Disc Brake Trucks

Exclusive Features

- **Dual Automotive** style disc brake system makes drum brakes obsolete.
- **Unique Equalizer Bar** and single cable or T-Rod design ensures equal braking on both sides.
- **Components** are heavy gauge steel and powder coated for longer life.
- **Optional pull out bar** versus using foot to pull truck out from under load.
- **Upgrade existing** hand trucks with B&P disc brake kits.
- **Brake responsiveness** is adjustable for driver's preference.
- **Exclusive 2 year warranty**

Our exclusive line of dual disc brake trucks offer complete stopping power when needed, even when tires get wet or greasy.
