

Convertible Deck Options

Exclusive Features

- **High impact** $\frac{3}{16}$ " aluminum is durable and lightweight.
- **Keep small** packages/objects from falling through openings in frame.
- **Less** trips and improved efficiency with extra wide 18" deck option!
- **Choice** of snap-on or permanent riveted on design.
- **Will fit** on some other brands of convertibles.

Additional features for Perforated Decks

- **Nearly 35%** lighter than a solid deck.
- **Provides** traction to reduce sliding of packages.
- **Allows** accidental spillage from broken product to flow through, reducing saturation of packaging.
- **Available** only as a permanent riveted on design.

Can be added on existing convertibles!
