

Liberator Tread Brake Trucks

Exclusive Features

- **Unique Equalizer Bar** and single cable or T-Rod design ensures equal braking on both sides.
- **Brake Components** are heavy gauge steel and powder coated for better corrosion resistance and longer life.
- **Optional pull out bar** versus using foot to pull truck out from under load.
- **Square Shaped shoes** provide maximum leverage and won't tear tires up prematurely.
- **Brake responsiveness** is adjustable for driver's preference.
- **Exclusive 2 year warranty**

Our exclusive line of tread brake trucks are superior in every way to all other tread brake designs.
