

# Liberator Hand Trucks

**B&P *Liberator* hand trucks are the strongest, safest and longest lasting hand trucks ever made - backed by an industry exclusive 2 year warranty!**

## Extensions:

- Choose from traditional channel style or B&P exclusive heat treated tubular extensions.
- Channel available in 52", 55", 60" and 68"
- Tubular available in 62" and 68"

Channel

## Handles:

- Large selection of handles.
- Red or blue comfort sleeves on some handle options.
- Exclusive heat treated welded style handles for greater strength.

## Frames:

- 600 lb. vs competitors 500 lb. capacity hand trucks.
- 4 sided ribbed cross members and top logo channel for rigidity & strength.
- Logo channel also allows room for custom company decal.
- Assembled with exclusive military grade rivets used on aircraft won't loosen up.

## Powder Coating:

- Exclusive frame and/or stair climber powder coating available in red, blue, green & black.

## Wheel Brackets:

- B&P Exclusive extruded brackets are guaranteed for life never to crack or break.

## Stair Climbers:

- Extruded much more durable than cast.
- Extra thick reversible bolt on wear strips outlast all others many times over.
- New EIE Ergo Stair Climber to maneuver stairs with less effort.

## Side Channel Reinforcements:

- Bolted at top and bottom which spreads out stress to resist cracking or bending of frames. Competitors only bolt them at the bottom.

## Nose Plate Brackets:

- Extra thick & solid brackets won't crack or break.
- Beveled to inside of frame to eliminate gaps which allow for play and loosening up over time.

**B&P components are interchangeable with other manufacturers to make existing hand trucks last longer!**
